THE BERRY BEST

Nothing is as juicy, refreshing and downright delicious as a bowl of perfectly ripened Irish berries. Full of vitamins and healthy nutrients, they are carefully selected for their taste and texture and checked throughout the day by Lidl Green Leaders to guarantee freshness. They're versatile too, with a handful of your favourite berries adding a fruity zing to breakfast oats, smoothies, salads, cheeseboards and Gin + Tonics!

FROZEN STRAWBERRY DAIQUIRI

This is the ultimate adult summer drink and perfect for cooling down on those long, hot summer days.

INGREDIENTS

- 250g frozen strawberries
- 60g fresh strawberries
- 30ml sugar syrup
- 60ml fresh lime juice
- 120ml white rum
- Strawberries and lime for garnish

PREPARATION

- Place the rum, lime juice, syrup, and strawberries into a blender and pulse until completely blended with a slushy consistency.
- Add more lime juice for extra tartness and more sugar syrup to sweeten, if needed. You may also want more ice to make it slushier. A daiquiri is not an exact science, so adjust as you see fit.
- Divide the daiquiris between glasses.

Gina's Top Tip: Sugar syrup is made with equal parts white sugar and water.

If you want to make it alcohol free, just swap the rum for apple juice instead!

Gina's Top Tip
Lidl carefully selects the finest quality Irish steaks, which have won numerous food awards!

THE PERFECT BBQ STEAK

Look for a cut that's at least 2cm thick and has plenty of fat, which ensures that your steak doesn't cook too quickly and is succulent and juicy.

Our Deluxe range of Bord Bia Quality-assured Irish steaks are perfect for cooking over glowing coals.

Remove your steak from the fridge at least fifteen minutes before grilling, rub both sides with olive or sunflower oil and simply season with sea salt and cracked black pepper for a natural meaty flavour.

Cook your steak for 3-4 minutes if you want rare, 4-5 minutes for medium and 7-8 minutes for well done, turning just once halfway through so you get those distinctive char-marks.

It's best food hygiene practice to use a kitchen thermometer or electronic probe, which should read at least 50°C when inserted into the middle of your sizzling steak.

When cooked, rest your steak for five minutes on a warm plate before serving and then pat yourself on the back for creating a culinary masterpiece!

**FROZEN STRAWBERRY
BITTEROL COCKTAIL**

INGREDIENTS

- 600g ice
- 300ml Bitterol
- 150g strawberries, roughly chopped
- Juice of ½ a small orange, the rest sliced for garnish
- 1 tbsp icing sugar
- 1 bottle of Sparkling Sauvignon Blanc
- 6 fresh strawberries, to garnish
- A few mint sprigs, to garnish

METHOD

- In a high-speed blender, blitz together the ice and Bitterol. Set aside in the freezer.
- Wash out the blender and now blitz together the strawberries, orange juice and icing sugar. Taste for sweetness - you may need to add a little more icing sugar.
- Divide the strawberry mixture between 6 wine glasses, adding roughly 36g of the purée into each glass.
- Remove the Bitterol slushie from the freezer and do the same, spooning it into the glasses.
- Top with the Sparkling Sauvignon Blanc and serve with a slice of orange, a strawberry, and a sprig of mint to garnish.
